What is Automated Utility Bill Payment?

Automated Utility Bill Payment is a service that automatically pays your utilities bill from your checking account without the use of paper checks.

You now have four options to pay your bills:

1. Write a check and mail or deliver it to the City.
2. Pay your bill online at MyUtilityBill.bellevuewa.gov.
3. Pay your bill through *MyUtilityBill By Phone* at 425-452-6979.
4. Set up Automated Utility Bill Payment.

Rather than writing paper checks and mailing them, you can simply and safely have your utilities bill paid automatically. No waiting in line to buy stamps, no paper waste with envelopes and checks, no check charges, and no worrying about late payments.

After signing up for the payment service, you will still receive a utilities statement, showing the detail of your usage and charges. You can review and record the amount that will be automatically deducted.

Once your authorization is received, the information will be added to your account. The next time your account bills, the payment will be set to draw automatically on the bill due date.
